

Student Observers (Pre-Radiology Technology)

Purpose:

To assist pre-radiology technology students in accomplishing the observation requirements of the Radiology Technology Programs for which LSUHSC-S serves as a clinical site.

Policy:

1. Observation hours are to be scheduled by the prospective student by contacting the Education Coordinator in the Department of Radiology at LSUHSC-S. Office hours are 7:30am until 4:00pm Monday thru Friday. The number is (318) 813-2265.
2. If you are observing during hours that a Clinical Instructor is on-sight at this facility, you are not required to inform the Education Coordinator.
3. Observation hours are limited to the normal day shift hours.
4. Student observers must comply with the following dress code:
 - a. Scrubs are recommended and the preferred attire. Any color may be worn.
 - b. If scrubs are not worn dress pants and shirts may be allowed. A white lab coat **MUST** be worn over this attire.
 - c. Clothing must be clean and neat.
 - d. No holes or cut outs are allowed.
 - e. For safety reasons sandals and open toed shoes are not allowed.
 - f. Comfortable shoes such as athletic shoes are recommended for safety and comfort.
 - g. See through, low cut or revealing clothing is not allowed.
 - h. No shorts or mini skirts.
 - i. No headwear such as: scarves, caps, hats, etc are allowed.
 - j. No denim is allowed.
 - k. Sagging pants are not allowed.
 - l. Excessive perfumes, colognes, or lotions may cause reactions in compromised patients and are not allowed.
 - m. Overall appearance is to be neat, clean and professional.
5. Student observers are not allowed to participate in Radiology procedures in any way. They are here to observe only.
6. Confidential patient information is not to be shared with student observers.
7. Student observers are required to comply with all of the medical centers confidentiality policies.
8. Students **MUST** have a confidentiality agreement and a HIPPA form signed and in their folder from the program in which they are enrolled.
