LSUHSC-S INTRAMURAL APPLICATION FOR
EICHLER AWARD
THE PARKINSON’S DISEASE RESOURCE OF NW LOUISIANA

Funding level: $10,000

Objective: Promote basic science or clinical/applied research related to Parkinson’s disease. Enhance competitiveness for national funding.

Eligibility: Any full-time faculty member may apply.

Procedure: Short application format. Research plan not to exceed 5 pages (plus appendix, which can include literature cited).

Restrictions: Supplies, reagent and animal costs and non-faculty salary support allowed. No faculty salary or travel allowed. A one year no-cost extension will be considered. Re-budgets approved by Office of Research.

Expectations: One page progress report/summary of achievements prepared at conclusion of grant period.

LSUHSC-S INTRAMURAL APPLICATION FOR EICHLER AWARD
THE PARKINSON’S DISEASE RESOURCE OF NW LOUISIANA

(To be completed by Principal Investigator)

Principal Investigator: ___________________________________________________________

Last Name     First Name     Middle

Position: ________________________________ SSN: _____________________

Department: ___________________________________________________________

Project Title: ___________________________________________________________________

Funding Source: PARKINSON’S DISEASE RESOURCE OF NW LOUISIANA

Deadline: 2:00 p.m.  Friday, April 15, 2005

Period of Application (1 year): From: July 1, 2005 to June 30, 2006

Amount Requested: $ _____________________ ($10,000 maximum)

______________________________________
Principal Investigator Signature

______________________________________
Department Head Signature

Mentor’s Signature (required if PI is Instructor)

Submit Original and 5 Copies of Application to Grants Office  1-214
PI Name: ________________________________

ABSTRACT

Description: State the application’s broad, long-term objectives and specific aims, making reference to the Parkinson’s disease relatedness of the project. Describe concisely the research design and methods for achieving these goals. Avoid summaries of past accomplishments and the use of the first person. This abstract is meant to serve as a succinct and accurate description of the research plan for use by the review committee. DO NOT EXCEED ONE PAGE

PERSONNEL ENGAGED ON PROJECT, INCLUDING CONSULTANTS AND COLLABORATORS. Mentor for instructors should be identified here. Letter of support from mentor should accompany application.

BUDGET PAGE

1. Salaries (not to include faculty):

2. Supplies and Operating Expenses (Please Itemize):

3. Equipment (Please Describe):

4. Other Expenses (Please Specify):

Total Expenses:
PI Name: _______________________________

BIOGRAPHICAL SKETCH

Give the following information for the Principal Investigator:

Name:
Position/Title:

Education. Begin with baccalaureate or other initial professional education and include postdoctoral training. Please include each institution and location, degree and year conferred, and field of study:

Research and Professional Experiences. Concluding with present position, list in chronological order previous employment, experience, and honors. Include present membership on any Federal Government public advisory committee. List, in chronological order, the titles, all authors, and complete references to all publications (except abstracts) during the past three years and to representative earlier publications pertinent to this application. Do not exceed three pages.
OTHER SUPPORT

For the Principal Investigator, list, in four separate groups: active support; applications and proposals pending review or funding; applications and proposals planned or being prepared for submission; and projects funded in the past 5 years. Include all Federal, non-Federal, and institutional grants and contract support. For each item give the source of support, project title, name of principal investigator, time or percent of effort on the project, annual direct costs, and entire period of support:
Suggested format for the Research Plan (5 pages maximum, not including appendix):

A. **Specific Aims.** State concisely and realistically what the research described in this application is intended to accomplish and/or what hypothesis is to be tested.

B. **Significance.** This should include a discussion of relevance to Parkinson’s disease.

C. **Preliminary Studies.** Applicants may use this section to provide an account of the principal investigator’s preliminary studies pertinent to the application and/or any other information that will help to establish the experience and competence of the investigator to pursue the proposed project.

D. **Experimental Design and Methods.** Discuss the experimental design, methodology and procedures proposed to accomplish the specific aims of the project.

E. **Appendix.** Should include literature cited in the Research Plan.

F. If this application is a revised version from a previous submission, a rebuttal to the reviewers’ critiques must accompany this application.

G. Include a letter of support from mentor for Instructors.
RESEARCH PLAN

**Description:** Use this section to summarize the research plan as outlined on the previous page. Include the specific aims, significance, preliminary studies, etc. *(5 page limitation).*
