RESEARCH AND PROFESSIONAL EXPERIENCE: Concluding with present position, list in chronological order, previous employment, experience, and honors. Include present membership on any Federal Government public advisory committee. List, in chronological order, the titles, all authors, and complete references to all publications (except abstracts) during the past three years and to represent earlier publications pertinent to this application. **DO NOT EXCEED TWO PAGES.**
OTHER SUPPORT  
(Use Continuation Pages if Necessary)

For the Principal Investigator, list, in four separate groups:
(1) active support; (2) applications and proposals pending review or funding; (3) applications and
proposals planned or being prepared for submission; and (4) projects funded in the past. Include all
Federal, non-Federal, and institutional grants and contract support. If none, state “none”. For each
item give the source of support, identifying number, project title, name of principal investigator, time
or percent of effort on the project, annual direct costs, and entire period of support.

(1) ACTIVE SUPPORT:

(2) PENDING APPLICATIONS:

(3) APPLICATIONS PLANNED OR BEING PREPARED:

(4) PROJECTS FUNDED IN THE PAST:
RESEARCH PLAN

The suggested format limits 10 pages for the Research Plan and must reflect experiments designed to be completed in two years.

(A) **Specific Aims.** State concisely and realistically what the research described in this application is intended to accomplish and/or what hypothesis is to be tested.

(B) **Significance.** Briefly sketch the background to the present proposal, critically evaluate existing knowledge, and specifically identify the gaps which the project is intended to fill. State concisely the importance of the research described in this application by relating the specific aims to longer term objectives.

(C) **Preliminary Studies.** Applicants may use this section to provide an account of the principal investigator’s preliminary studies pertinent to the application and/or any other information that will help to establish the experience and competence of the investigator to pursue the proposed project.

(D) **Experimental Design and Methods.** Discuss the experimental design, methodology and procedures proposed to accomplish the specific aims of the project.

(E) **Literature Cited.** Site only references pertaining to application. **Do not exceed two pages for references.**

(G) Applications from Instructors must be accompanied by a letter from the Department Head stating independence of applicants in terms of laboratory space and planned development of the applicant’s career at LSUHSC-S.

APPENDIX: Limit to those items absolutely necessary for grant review.
