Medical Staff

1. Question: For what conditions is it mandatory that Medical Staff membership be revoked?
   Answer: Loss of Medical Staff license and Conviction of a Felony

2. Question: According to the bylaws, automatic suspension of Medical Staff membership occurs with what events?
   Answer: When DEA registration is revoked, failure to comply with the Hospital’s communicable disease policy, falsification of information or failure to provide requested information, loss of faculty status, failure to complete medical records within 30 days after discharge.

3. Question: Upon appointment to the Medical Staff, what procedures or for what types of patients may the physician treat?
   Answer: The physician may exercise only those clinical privileges specifically approved by the Clinical Board. If there is any question concerning the care a physician may provide, contact the Medical Staff Office. E-Priv is a web-based application available to all employees to verify which clinical privileges a physician can and cannot perform. To access the site go to http://www.sh.lsuhsc.edu/policies/epriv/. Enter the first letter of the physician’s last name. A listing of physicians will appear. Click on the name of the physician and his/her approved clinical privileges will appear.

4. Question: If a Resident orders a procedure tray to the patient’s bedside and plans to perform an invasive procedure, how can the nursing staff determine if the Resident is permitted to perform this procedure?
   Answer: The LSUHSC-S Web site contains information on Resident Supervision. Each Medical Staff department has determined what each House Officer level may perform with and without supervision. If any questions remain, follow the chain of command in notifying Administration. The Graduate Medical Education website (www.sh.lsuhsc.edu/gme) contains the Resident Levels of Care for each clinical department. The
levels of care are broken down by post-graduate level. These levels of care can also be accessed through EPriv. The access the site go to (http://www.sh.lsuhsc.edu/policies/epriv)

5. Question: How long are initial appointments and reappointments made to the Medical Staff?
Answer: Initial appointments: 1 year (Provisional) Reappointments: Not greater than 2 years.

6. Question: Who has ultimate responsibility for the medical care provided to the patients of LSUHSC-S?
Answer: The governing body, the LSU Board of Supervisors, which delegates the function of patient care to the Medical Staff.

7. Question: What document provides the framework for self-governance of medical staff activities and accountability to the governing body?
Answer: The Medical Staff Bylaws, Rules and Regulations.

8. Question: Name several functions of Chairman of a Clinical Department.
Answer: Oversee all professional, administrative and clinical department activities. Be a member of the Clinical Board. Maintenance of Peer Review. Enforcement of the Bylaws, Rules and Regulations. Appointment, reappointment and clinical privileges in the department. Prepare annual reports.

9. Question: What is the purpose and responsibilities of the Department Policy Committee?
Answer: Composed of the Clinical Chair and other members of the Medical Staff as the Chair deems appropriate, the purpose is to recommend and propose policies and / or services. The responsibilities are to recommend departmental criteria for credentialing and privileges and to review current competence of the Medical Staff department members.
