This directory has been prepared by the Social Services Department of LSU Health Shreveport as a comprehensive community resource listing of available city, parish, regional and some state-wide services available to patients within the Ark-La-Tex. These services cover a broad spectrum of needs on such topics as health, education, family sufficiency, child care, employment, mental health, substance abuse, and crisis intervention.

This directory is designed to help our staff ensure that the service delivery system is accessible to patients and their families. Inclusion of an agency or organization does not imply endorsement, nor is the exclusion of an agency any reflection on its value or quality of services.

This directory shall be updated every two years and made available on-line at http://www.lsuhscom. Hard copies shall be available for purchase in our campus bookstore.
